Return to Equestrian Activity Gets Government Nod Lessons/training/coaching may resume

May 30, 2020

Dear Member,

Further to the last evening's email and some advocating on your behalf, I am pleased to advise you that the Province of NS has reviewed and approved **NSEF's Covid-19 Return to Equestrian Activity Resource document** ahead of schedule.

This is welcoming news to our community as we now have the official government recognition that our membership is equipped with the necessary information to follow the mandatory **NS Government Covid-19 Sport Guidelines**.

As of today, members who comply with the minimum government guidelines, may participate in taking lessons, training and coaching. Please take time to ensure you comply with these guidelines. I hope the NSEF resource document will prove beneficial in helping you to achieve compliance.

Over the coming weeks, we will continue to work with Equestrian Canada and other stakeholders to develop protocols for the exciting return to competition.

Everyone plays a role in ensuring that our return is a safe and proactive one. We must follow all government mandates and represent ourselves in an exemplary fashion both within and outside of our equestrian community.

Thank you again for your patience and commitment in adhering to Covid-19 restrictions.

If you have any questions or concerns about your plan or the resources in this email, please email me at [**nsef@sportnovascotia.ca**](mailto:nsef@sportnovascotia.ca)

Kindest Regards,

Heather Myrer
Executive Director

**Before you take your lesson..
Renew your membership!**

To join or renew, simply login to/create your membership profile by clicking on **Join/Renew** . If online renewal is not available to you, you can submit a **paper application** to **Meredith** .

Refer a new member to the NSEF and receive a \$5 credit/new member towards your NSEF membership* (*Maximum credit amounts apply).
