INSTRUCTOR MENTOR PROGRAM

There are two components to the NSEF High School Credit Instructor Mentor Program.

The NSEF High School Credit IOB Mentor Program includes 55 hours of mentoring which are recorded through the Mentor Program Log Sheets. The candidate may complete these with their own coach, at an NSEF Clinic, or with another coach. Candidates are encouraged to mentor with multiple coaches.

The Candidate must then get an NSEF accredited mentor to complete the Mentor Form. If the candidate's mentor coach is not an NSEF accredited mentor then they can set up a day with an accredited mentor on their own or with the assistance of NSEF. The Mentor Form outlines the various criteria and evidences for the Instructor Evaluation. The mentor will indicate if they feel the candidate has met or not met the standards of the criteria and evidences. This will indicate to the candidate if there are areas for improvement or if they are prepared to proceed to the evaluation.

Both forms are pre-requisites for the NSEF High School Personal Development Instructor Program and must be submitted to the NSEF. Students are encouraged to keep a copy for their records.

INSTRUCTOR MENTOR REPORT

(To be completed by an accredited mentor)

Page 1 of 4

Please take the time to read this through – your role, as Mentor in the certification process is crucial to this candidate's success. Having worked with the candidate or viewed them in a lesson/preparatory clinic, we ask that you complete the Mentor Report to indicate whether or not you feel the candidate is prepared to move forward to the evaluation. By signing your name to this document, you are stating that you worked with the candidate or viewed them in the lesson setting. The honest completion of this form will indicate to the candidate if they are prepared for the evaluation following their mentoring hours if there are additional areas they could develop further before moving forward to the next stage in the certification process.

This report form includes the Criteria and Evidence's the students will be evaluated on. After each section of the report, there is an area for you the mentor to indicate if you feel the candidate meets the minimum standard as outlined in the Evaluation Rubrics. The evaluation rubrics outline each of the evidences with specific examples incorrect/incomplete standards, minimum standards, and exceeding standards.
