A MESSAGE FROM THE PRESIDENT

As I sit at my desk writing this note, I can't help be filled with nostalgia of my time spent as President for the past several years. Firstly, I can't believe how quickly time passes and secondly, I am so amazed at all that we have achieved. Membership has increased, Scotia Series continues to

grow with the introduction of a provincial championship this year, our Bursaries and Support4Sport Funding Opportunities are being well utilized by our members.

As president, I have had the pleasure of leading a strong and committed group of volunteers who make up your board. We have tasked ourselves to develop and implement a Five Year Strategic Vision and I'm thrilled to report that, as we enter our final phase, we have accomplished much of what we set out to do one cold January day in 2013! Our dedicated staff continues to work diligently to meet the mandates set forth by our strategic vision along with overseeing the day-to-day operations.

Our AGM, Silent Auction and Awards Presentations will be held in Wolfville this November 18th. Come to support your organization and applaud award recipients.

Thank you always to our Staff, Board of Directors and Committee Members who keep NSEF and its programs available to our members. Thank you also to departing board members, your volunteer time is appreciated. I wish everyone a successful completion of your competition season and hope you all enjoy the lovely fall weather for recreational riding!

FROM THE ED'S DESK

Another year has come and gone! Another year of growth and success! So much has happened over my eighteen years as your Executive Director that it's hard to believe that we were a small organization providing a few member services to a vibrant membership of 3600, with access

to athlete, official, coach and club programs/services.

As indicated in my annual report, we have once again seen membership growth, strong fiscal management and an ever-increasing demand for new and improved programs/initiatives. Watch for new entry level participatory programs like Rookie Riders and Ticket to Ride that will promote the love of horseback riding. We have seen increase in programs and services brought forth by our hard working staff and committees, led by our volunteer directors and Chairs. Using our strategic vision as a guide, we have been able to improve our governance, aligned our athlete development programs and improved our competition structure. We have taken a keen step forward in education and equine health and welfare. Take advantage of the initiatives we offer in your area!

I would like to take this opportunity to thank our staff, Sheila, Zoe and summer student Amy, for the amazing contribution they make to the NSEF. We all take great pride in what we do and we always strive to provide the best quality programs and services to you, our member. Our NSEF Board, especially President Adrienne Smith, deserves special recognition as well for its direction and support throughout the year.

ASK THE INSURANCE GUY with Mike King

Understanding the basics of "Equi Care" Horse Mortality Insurance

Q: I have just spent a fair amount of money on a new horse for our daughter to ride and possibly compete on. I spoke with my current general insurer and he did not seem to know much about how to insure this significant asset. Can you help?

A: As one of the largest providers of horse insurance in Canada, we know something about this topic. In an effort to keep this simple, I have broken down the answers as follows:

Part 1- What is "mortality" insurance?

Mortality Insurance – is another way to say "life insurance", in this case, life insurance on the horse. Mortality insurance, as provided by carriers who offer such products, is available under two distinct and separate wordings;

a. FULL mortality —means that the life of the horse will be insured against death arising from ANY accident or ANY sickness including humane destruction by a veterinarian. Full Mortality coverage is available for healthy horses aged between 30 days and 17 years. The annual cost (premium rate) for full mortality coverage is calculated and charged as a percentage of the insured amount and we welcome your inquiry for current rates.

b. Named/Specified Perils mortality – will also insure the life of the horse, but only for death arising from a "named" or "specified" list of perils that are detailed in the policy wording. Named/specified perils covers losses from such causes as fire, lightning, collapse of a building, transport, entrapment, drowning, impact by a vehicle (escape) and others. Named/specified perils mortality policies do not typically cover death arising from sickness. Horses aged 30 days or older are eligible for named/specified perils coverage (there is no maximum age).

Please note: Full Mortality coverage includes all of the Named/ Specified Perils.

Part 2 - What is Major Medical Coverage?

Major medical coverage is an option that many of our clients take advantage of and can be purchased if the horse is also insured for full mortality.

Major medical will provide coverage if you incur emergency veterinarian expenses for a life or health threatening situation, including surgical and non-surgical procedures. Major medical does not cover incidental and routine vet expenses (inoculation, etc.) and is subject to a deductible. This optional coverage provides an annual limit or \$5,000 or \$10,000 at your option.

Part 3- Does Horse Mortality insurance cover my horse if he is away from home?

Your Equi Care insurance policy will follow the horse and provide coverage automatically anywhere in North America. (We also offer worldwide coverages as an option to clients who may need this extension.)

Part 4 – Do I have to notify the insurance broker/company if my horse becomes sick or lame?

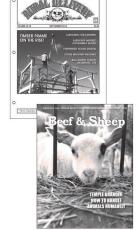

The answer to this is yes. The insurance policy contract requires that the insured (you) notify the insurer if there is potential of a loss. This means that if the horse needs the attention of a vet due to injury or sickness, a quick call to the broker will keep everyone informed and ensure that the policy contract is fulfilled.

Want a Free NSEF Membership?

When you refer a new member to NSEF, you will receive a credit of \$5.00 for each referral. Credits go toward your cost of the next year's membership, up to a maximum of \$50.00 per individual, and \$75.00 per family. To receive your referral credits, the new member must submit your NSEF membership number.

For a family membership, credits are applied to the primary family member's name (the oldest family member unless otherwise indicated). All family members should give the primary member's NSEF number when making referrals to new members.

High School Credit Program

Information about the High School Credit Program can be found on the NSEF website (under "Programs" on the main page), or through the office. Students who are interested can work on the Rider Level Pre-Requisites before they reach high school and can begin the remaining requirements during the summer before grade 10. When completed, students will achieve their instructor certification at the end of High School.

NSEF Partners with Equine Guelph

The Nova Scotia Equestrian Federation is thrilled to partner with Equine Guelph to provide brief, easily-accessible training programs so you can stay up-to-date on the latest information on equine care and welfare. This partnership enables the NSEF to offer continuing education and certification opportunities for our members – athletes, coaches, officials, facilities and horse caregivers.

A 10% discount on short courses offered on The Horse Portal will be applied to all current NSEF members. Members will earn continuing education credits that may be applied to professional development requirements and certificates of completion from Equine Guelph – the horse owner's Centre at the University of Guelph.

EXECUTIVE DIRECTOR'S REPORT - By Heather Myrer

his past year has seen more growth and program development for development. NSEF has invested in several initiatives this past year Vision activities. The collaborative efforts of volunteers, staff and Brunswick and PEI for interprovincial and national level events. This members have allowed us to continue our progress in delivering year, for the very first time, we are so excited to have held Scotia the many benefits of this sport to our members and to the horse Series Provincial Championships in four divisions. It is our hope community in general. We have also seen a tremendous move to expand the championships to include more divisions by 2020. forward in the collaboration and partnership with our national body, The Atlantic Canadian Equestrian Championships for Dressage, Equestrian Canada. This past spring, EC hired our long-time friend and colleague, Richard Mongeau (formerly Quebec's ED) as the new CEO. Along with a new and vibrant Board, the hiring of Richard has impacted the way we do business with EC. In fact, NS plays a significant role with the Canadian Equestrian Development Programs whereby staff and volunteers are major contributors on several committees. It allows us to ensure that our members' "voices" are heard at the national level. Exciting new initiatives are under development including a new entry level program called Rookie Riders!

NSEF has been very fortunate over the years to have financial support from the Support4Sport Program and the Government of NS. We received funding that assisted us with athlete development, technical support, coach symposium, clinics and educational seminars. NSEF acknowledges and appreciates the funding it has received from the Province of Nova Scotia via its Amateur Sport Fund and Support4Sport Funding. The success of our programs is certainly attributed to the funding we have received. We are always excited when we are able to offer new programs and services to you, our member. We also work hard in facilitating the necessary courses and seminars that afford our members the opportunity to advance professionally within the sport of equestrian. Further to direct funding to the NSEF, many of our members have successfully applied for athlete, coach, official and club development funding. To date we have had an 80% funding approval rate and have seen many members take advantage of this funding. Members are encouraged to utilize this opportunity by contacting a staff member at the office.

We were thrilled to be able to provide six deserving young members a \$500 bursary this year. This program continues to be a popular one amongst members. We are equally thrilled to award with quality programs and services. I would also like to thank four members with a Long Term Equestrian Development Bursary of \$250 each. Details of our recipients are in this newsletter!

Competitions continue to play an important role in our athlete

the NSEF as we enter into our 4th year of the Five-Year Strategic that has seen athletes travel to New York, Ottawa, Calgary, New Jumping and Eventing have been held throughout the region highlighting the talents of our athletes in a team environment. We were pleased to have athletes represented in all disciplines with the hope of further evolving this event along the performance pathway.

> Our 12th Annual NSEF Trail Ride/Drive will be held this fall at the Central Nova Horse and Pony Association Grounds in Salmon River on Saturday, October 13th. This year, we will be incorporating an Emergency Preparedness Seminar open to all members and the general public. This will be the first of several offered across the province in the coming year.

> We continue to partner and collaborate with our provincial equestrian associations to network and learn from each other. You may see some changes in online membership renewal in the near future that reflects this partnership and that of our working relationship with Equestrian Canada in an effort to streamline operational duties across the country.

> Our insurance partner, Intercity Insurance Services played an integral part in the development of our Optional Insurance Program for members. This program has been well-received by members and we will continue to offer these same services in 2019. Members are encouraged to review these "optionals" at time of membership renewal. I would also like to acknowledge the support from Mike King and Intercity Insurance Services with his support of our Scotia Series in becoming the Title Sponsor and for all the educational and promotional expertise we have received since the development of this new partnership!

> I would like to take this opportunity to thank our staff - Program Coordinator, Sheila Currie and Membership Coordinator, Zoe Miles, along with our summer student, Amy Darrach - for their hard work and enthusiasm as we work diligently to provide you the NSEF Board of Directors, especially President Adrienne Smith whose leadership will be missed as this is her last term as President, for their direction and support throughout this past year.

DIRECTOR OF CLUBS REPORT - By Valerie McDermott

NSEF provides membership to community and provincial-based clubs and associations. As a member club, you have a voice through a representative on the NSEF Board of Directors who advocates on your behalf. This rep is elected at an annual club meeting in October. As your current rep, please feel free to contact me or the office if you have any concerns or comments regarding club benefits. I look forward to talking to you at our meeting in late October.

NSEF offers a 16-month membership for individuals and families that provide a discounted membership rate for new members joining at the latter part of the calendar year. This is a great opportunity for club members who register in September. Take advantage and save some money while at the same time ensuring coverage for the remainder of this year and all of next year!

This year NSEF registered 19 Member Clubs. A complete list with contact details can be found by clicking on the "Find-A-Club" link at the bottom of our website home page (www.horsenovascotia.ca). Clubs are reminded that funding is available for equipment, facility upgrades and coach & athlete educational clinics/seminars. The application deadlines are February 1st and August 1st of each year (dates subject to change). Feel free to contact the NSEF office for a

review of your application if you are submitting for funding.

Clubs are encouraged to talk to our insurance partner, Intercity Insurance, who offers preferred rates for NSEF Member Clubs for Event Liability and Director and Officer's Liability insurance packages. If your insurance renewal term is soon, it's time to give Intercity a call at 1-888-394-3330 to obtain a quote for all your insurance needs.

We are pleased to offer membership processing services; currently three member clubs use our service:

- 1. Cape Breton Western Riders Association
- 2. NS Hunter Jumper Association
- 3. Horse Trials Nova Scotia

Members of these clubs will see their club membership shown on the NSEF membership card! We hope to have other member clubs take advantage of this service in the future.

NSEF hosted our first Club Symposium in January including sessions on Risk Management, Insurance, NSEF Programs, Competitions, and more. We provided our Clubs with the opportunity to assess themselves so NSEF can provide assistance to clubs in the areas they need. We plan to provide more club opportunities in the future.

NSEF looks forward to working with our current and new Club Members in 2019.

DIRECTOR OF RECREATION REPORT - By Suzanne Killen

ope everyone is having a great summer; it has been a hot one! The 12th Annual NSEF Trail Ride is a go for Saturday October 13th, 2018 at the Central Nova Horse & Pony grounds (123 Old Salmon River Rd, just outside of Truro). Once again it will be a ride when you arrive event, rain or shine between 9AM and 4PM.

There will be two educational sessions being offered by Roz Moskovits during the ride at 11:00AM and 1:00PM. Both sessions will have the same content so if you wish to attend one of them, you can stall your horse, grab something to eat and take in some free barn safety knowledge from the expert!!

As always, it's a very relaxed atmosphere giving riders / drivers a chance to socialize and enjoy the trails for the day. The Information Sheet, Registration Form and Waiver are on the NSEF Website. Preregistration is always appreciated so we can prepare accordingly for the ride. Lunch is provided by CNHP at the canteen, included in your registration fee.

We are pleased to continue to offer several participatory programs to our members (Ride & Drive, Learn to Trail Ride, and the Learn to Ride Program) as well as access to Horse Welfare & Safety information and a listing of Equine Friendly Trails in NS.

Members are welcome to sign up at any time for the NSEF Ride & Drive Program. For a one-time fee, this program offers members a way to track their riding/driving hours. Certificates and rewards are available as members reach specified hour levels. Currently the program has 336 members with a combined total of over 36,300 hours! To become a member or to learn more about the program, please visit the NSEF website (Recreation tab, Ride/Drive Rewards Program on left of screen).

In partnership with Equestrian Canada, the NSEF is pleased to offer "A Guide to Basic Horsemanship and Trail Riding in Canada". This manual, available online on the NSEF website (Home page, Go Shopping on left of screen) is based on current practices and tips gathered from members of the community, trail riding specialists, equine veterinarians, genetics specialists, writers and knowledgeable horsemen and women.

For more information on the Trail Ride please contact the NSEF Office: nsefmembership@sportnovascotia.ca Phone:902-425-5450 ext 337 or Suzanne Killen larace1@hotmail.com

DIRECTOR OF COMPETITIONS REPORT - By Helen Smith

N SEF was pleased to offer over 30 competitions to our members over the course of the 2018 season. We anticipate that by the end of the season, 18 Scotia Series Competitions and 15 Equestrian Canada (EC) Competitions (2 Silver-Bronze, 3 Gold-Bronze and 10 Gold) will have taken place in our province. We are grateful to Intercity Insurance for their partnership of the Scotia Series Events. This year we are introducing our first Provincial Championships, which will be held on September 23rd – 24th, at the Hants County Exhibition Grounds. We are pleased to be partnered with Hants County Exhibition and Intercity Insurance Services to host this event. This year, we are offering Western Performance (Junior and Senior), English on Flat (Junior and Senior), Showmanship (Junior and Senior) and Driving Open. Athletes qualified and were invited to the Provincial Championships by placing top 2 in their respective districts for the eligible divisions. We are excited to continue to grow our Provincial Championships over the next few years and look forward to seeing you there!

In order to provide a developmental pathway for our equestrian

athletes, NSEF has continued their partnership with the other PTSO's to host the Second Atlantic Canada Equestrian Championships (ACE). This year ACE ran Championships in Dressage, Jumping and Eventing. To help support the growth and development of our sport, we invite all athletes interested in being part of Team Nova Scotia to declare their intent to compete next year. More information about the ACE Championships can be found on our website. We appreciate the support of our fellow Atlantic Provinces in hosting the ACE Events:

- Dressage: Sussex, NB. September 14th 16th.
- Eventing: Strathgartney Horse Park, PEI. September 23rd.
- Jumping: Sussex, NB. October 6th 7th.

Another important part of competition is the opportunity for you to continue to develop your own skills. Whether you compete regularly, or once a season – competition is a fantastic way to have measurable results and direct feedback about how your day to day skills are progressing over time. This is a great motivator to keep you active and striving for your best all year round

DIRECTOR OF INDUSTRY REPORT - By Roz Moskovits

As I conclude my second year as Chair of the NSEF Equine Industry committee, I want to thank Heather, Sheila and the other members of the NSEF Board of Directors for their tireless dedication towards building a stronger horse community for us all.

The activities of the Equine Industry committee cover aspects of our lives with horses that relate to welfare, health, biosecurity, industry development, safety and public communications. The NSEF will be looking for a new committee chair at this years AGM. Any member who feels they can contribute to this essential work should come forward. I would be very happy to assist our new chair as they become familiar with the activities.

This year has seen continued awareness regarding equine health with the much publicized occurrences of Strangles in the Maritimes, the additional cases of EIA in Western Canada and the ongoing concerns over EHV 1. NSEF continues to provide educational opportunities to our members on aspects of biosecurity, health and welfare. It's essential for every horse owner to stay informed by looking for educational opportunities as available. This is especially important for

s I conclude my second year as Chair of the NSEF Equine horse owners with animals travelling within or outside the province.

More information on equine health and biosecurity can be found on the NSEF web site. As well, visit the Industry page on the Equestrian Canada website from time to time to stay up to date with the facts. The work of the Equestrian Canada's National Disease Surveillance Committee is actively addressing these issues. Monthly committee calls are posted for public review on the EC website.

NSEF actively promotes the Code of Practice for Equines as a solid working document pertaining to our responsibilities for the ongoing care and handling of horses (and donkeys). If you have not already reviewed the Code of Practice, please take the time to read and share it.

The NSEF continues to offer Educational Seminars for horse owners. Depending on the participants, these sessions cover aspects of stable safety, emergency preparedness, biosecurity, risk management at equestrian events, personal and public safety, trailer safety, health and welfare. Please contact the NSEF office if you would like to arrange a presentation at your upcoming stable or club meeting.

DIRECTOR OF EDUCATION REPORT - By Mary-Clare McLaren

ducation and Coaching have enjoyed another productive year. First, I would like to thank Gidget Oxner for fulfilling the role of Technical Director until early spring when the position funding and contract ended. We wish Gidget the best in her future endeavors! Coaching is now under the guidance of Sheila Currie who also returns to her position as PTSO Representative to the National Coaching Operations Committee of Equestrian Canada. There are now two committees overseeing Coaching at Equestrian Canada, visit https://www.equestrian.ca/programs-services/coaches.

Nova Scotia coaches are represented the Multi-Discipline Coach Advisory Committee (MDCAC). This fall the MDCAC will redevelop the committee structure based on the new Coaching Association of Canada (CAC) Coach Developer Roles and will make a recommendation to the NSEF Board, so it will be in place for the Annual Coach Symposium in the spring of 2019.

MDCAC is elected at the annual coach symposium. Current members include:

- Mary-Clare McLaren Director of Education
- Jill Barker English Master Evaluator
- Mona Lewis Western Master Evaluator
- Helen Smith Master Learning Facilitator
- Norma Graham Western Coach Representative
- Lesley Langley English Coach Representative
- Kim Beaton Drive Coach Representaive
- Sheila Currie Program Coordinator, NSEF (Ex-Officio)
- Heather Myrer Executive Director, NSEF (Ex-Officio)
- Adrienne Smith President NSEF (EX-Officio)

The committee meets several times a year to discuss items relevant to the committee. Additionally, we call upon other individuals from time to time.

NSEF Coach Symposium

The Annual Coaching Symposium on April 13th weekend was very well attended. Dr. Katarin MacLeod, Professor of Education at St. FX, led an interactive session with Jill Barker on styles of learning followed by Jill doing an overview of LTED. The layout of the day allowed for good interaction with coaches, and a chance to meet up and coming ones. The sit-down lunch was a nice add to the day. The afternoon was at Rowan Wood and again an informative interactive afternoon with Jill Barker. The second day was a very well attended Coach Readiness day with morning classroom sessions followed by afternoon lesson demonstrations again at Rowan Wood. Attendees seemed pleased with the format and had lots of good suggestions.

Professional Development for Coaches

In today's world, the training of successful current coaches goes far beyond the knowledge of the sport itself. Coaches have many opportunities for "PD" through their registration as an NCCP Coach by accessing their "Locker" account at the Coaching Association of Canada (CAC). The NSEF also ensures coaches are aware of opportunities offered through Sport Nova Scotia or similar agencies. April 29th weekend was a Coach Developer weekend with Wayne Perro, Master Coach Developer from CAC who is assigned to Equestrian Canada to assist in the continued development of our coaching programs. It was a challenging weekend for those in attendance. We now wait to see what the next steps are for this group of developers.

Equestrian Canada

I took the opportunity to attend the EC Convention this year as an individual member and it was great to have such a positive feel back within the national organization. It was especially encouraging to have the opportunity to hear the panel of young athletes – they were inspiring! "To Win but to Learn".

The Responsible Coaching Movement, a new CAC initiatie, has led to many sports, including Equestrian Canada, to adopt this past yea. For more information go to: https://www.coach.ca/responsible-coaching-movement-s17179

NCCP Coaching Evaluation

An English Coaching Evaluation was held in June and the in-Competition Evaluation for one candidate was completed in July. At the time of this writing in late August, the final paperwork is being completed. A Coaching Evaluation was offered in July in CBRM, but no candidates registered. We continue to take advantage of visiting Coach Developers whenever possible so that we can economically offer evaluation opportunities to candidates. We were able to partner with an EC Gold Competition and Sydney Expo as Trish Mrakawa and Wendy Johnston were both in the province.

Congratulations

Earlier in the year, Equestrian Canada sought nominations of coaches from all over the country. The NSEF forwarded the nomination of Jessica van Nostrand for Community Coach of the Year. At the Symposium, Jennifer Eastwood-Fisher, Director of Technical Programs at EC, presented Jessica with her award.

Learn to Ride Program

The chart below breaks down Rider Levels achieved by NSEF members from January-August and reflect the continued use of the program. I am sure these numbers will grow by the time you read this report! We must continue to search for ways to reach out to all embers about the programs and promote the availability of coaches for pre-assessments, preparation training and evaluations. If a rider feels they are ready, they may contact the NSEF who can assist them in finding an evaluator. We are excited about a couple of programs that are expected to be launched in the fall of this year, hopefully we will be telling you all about it at the AGM!

Level	1	2	3	4	5	6
English	17	15	4	6	4	4
Western		12	8	3	2	

It is also important to continue in our efforts to reach out to the public and indeed to communities across our province to create awareness of our equestrian sport, as a sport. It is important to reach out to parents that we have NCCP Coach Certification, achievement levels for riders/drivers, LTED2, and the training that our coaches take – just like their child's coach in other sports!

I would like to thank the membership for the continued opportunity to volunteer on your behalf to the NSEF Board of Directors. As my term(s) are up this year for this position, I look forward to supporting the new Director of Education. As this report is written in late August to meet publishing deadlines, I will provide any further information at our AGM in November!

ATHLETE, RIDER/DRIVER, COMPETITOR, PARTICIPANT - WHICH ONE ARE YOU?

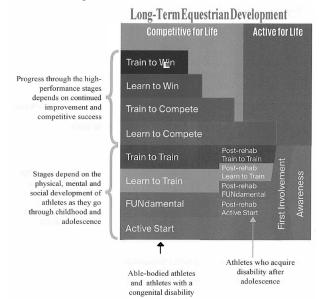

As our sport continues to grow and evolve, the services and resources offered also will expand. One of the biggest initiatives that Equestrian Canada (EC) has brought forward is the LTED, or, Long Term Equestrian Development Plan. Through this, there is new terminology and programming which you may have noticed NSEF has begun to adopt.

While some of these terms have a strictly competitive connotation associated with them, it is to our goal to ensure all members know that the LTED is an all-inclusive vision which lends itself well to the development of all riders/drivers; competitively and recreationally. To this point, it should be noted that the term "Athlete" has begun to be used where the term "Rider" or "Driver" was used before whether recreational or competitive. The LTED is committed to making sure that athletes are given their best shot as achieving any or all of these three initiatives:

- Reach full athletic potential
- Increase lifelong participation in Equestrian and other physical activities
- Improve overall health and well-being

A great quote from the EC website gives a glimpse into the importance of LTED principles.

"The LTED model strives to cement the lifelong relationship between horse and athlete. Our programs being built now will be more robust and inclusive of those on both sides of recreation and sport with clear interactive pathways. What I love most of all about this model – there is a place for each and every one of us at every stage of our life within this wonderful sport." – Anne Welch, Chair of LTED Working Group, EC Senior Steward, FEI 1* Jumping Steward and FEI 2* Dressage Steward.

The LTED is an equestrian athlete's development program which has been created to suit general principles of maturation and growth. It has been adopted from Sport Canada's Long Term Athlete Development Plan (LTAD), which highlights important development milestones in the early years through to adulthood. The LTED begins at the Active Start Age (Ages 6 and under) and continues through to the Active for Life Stage (Recreational Adults). Alternatively, after the Active Start Phase, Athletes may choose to venture into the competitive stream, such as Learn to Train, Learn to Compete, and Learn to Win. In summary, the LTED addresses physical, mental,

emotional and technical needs of athletes as they continue through each stage of development. The final goal is to create a pathway which guides an individual's experience in sport and physical activity from infancy through to adult hood. The LTED brought forward by EC aims to be athlete centered, coach driven and administered, and supported by sport science. As new programs and events, such as Educational Sessions, or Rider Levels, and Learn to Ride events are updated and offered, make sure that you take part and fully get to experience what the LTED can offer you. For more information about the LTED, its pathways and the other resources available, go to: www.horsenovascotia.ca/Long-Term-Equestrian-Development. As an NSEF member who has chosen to pursue the Active for Life or Competitive pathway of the LTED, here are some really great opportunities for you to get involved in:

- Ride and Drive: this is an amazing program offered through NSEF for athletes (riders and drivers) of all ages and experiences. It is designed as an incentive program for athletes who would love to spend more hours in the saddle for practice, therapy, exercise and just for fun. It's easy to join the program online using our website, where you can purchase the program for a one-time fee of \$20.00. No annual fees other than maintaining your NSEF membership. Once you register, all that is required is to log your hours in our Ride/Drive Rewards Program Logbook which is provided to you, before mailing your completed slips into the office for us to process your reward. There are 9 reward levels, starting at as few as 25 hours accumulated and finishing at 1,000+ hours of riding and driving. For more information please visit our Ride & Drive Page, under the Programs Tab on www.horsenovascotia.ca.
- 2. Annual Trail Ride/Drive: Our annual trail ride is a great way for you, your family and your horse to get out and meet other members of NSEF. This year's event runs for several hours throughout the day, and you're able to arrive and leave whenever it suits you best. The event is taking place on October 13th, just outside Truro. You can find more information about the Trail Ride on the poster in this newsletter. We hope to see you all there!
- Learn to Ride and Drive: Our Learn to Ride/Drive Programs provide the opportunity for individuals of all ages to learn best practices for safe and enjoyable experiences of handling, riding and/or driving horses. This program has a level structure where athletes increase their knowledge through the program developing skills for their own success either recreationally or competitively. Athletes of any age or experience the opportunity to choose the appropriate stream (Drive, English, or Western or more than one) and develop their skills. The skills are measured and a certificate is issued when standards are met or exceeded for the level. There are lots of opportunities around the province for you or your family to begin to enhance their ride/drive skills. There are levels from entry to intermediate and more. For more information about Rider Levels and how to get started learning how to Ride/Drive please visit our website or call 902-425-5450.
- 4. <u>Check Our Calendar:</u> There are always educational events and clinics being added to our Calendar. Many of these courses are a great chance to learn from people inside and outside of the province, which may give you a new perspective on something to work towards the next time you are riding or driving with your equine partner(s).

NS ATHLETES HAVING A STELLAR YEAR

2018 is proving to be a year to remember for Nova Scotia Equestrian athletes competing on the national and international stage. For the first time in several years, NSEF had representation at the FEI North American Youth Championships whereby sixteen year old Dressage athlete, Ariel Boesener (left) from Canning and her partner, Winniepuuh, competed as a member of Team Canada East. This proved to be an amazing experience for them both, getting their taste of international competition.

Mid-August saw NSEF's Eventing Team travel to Ontario to compete at Oakhurst 3DE, a four-day event combining competition and education. Over the course of the competition, athletes combined scores for overall team standings. Arla Day/Zara, Danielle Semel/Believe it or Not and Shauna Thompson/MacIntosh came away with a Silver Medal and many wonderful memories!

Campbell Legere and Nicole Osmond, NSEF's next generation of Jumpers, are well on their way making a name for themselves in the

national rings. Campbell (left) has been competing all over Eastern Canada this summer vying for top spots in Equestrian Canada's CET Medal and the new JC Anderson Legal Medal. To date, Campbell is in first place Quebec/Atlantic Region hoping to earn her a spot at the National Final later this fall. Both Campbell and Nicole (right) have qualified for the Eastern Regional Final of the JC Anderson Legacy Medal and will also represent Nova Scotia at this medal's national final in Calgary, Alberta at the Royal West Horse Show late October.

For more information on NSEF's Athlete Development initiatives, please visit our website.

2018 LTED & EDUCATIONAL BURSARY RECIPIENTS ANNOUNCED

The Nova Scotia Equestrian Federation is committed to supporting amateur athletic development. To help support Nova Scotia equestrians of all disciplines, the NSEF has created a *Long Term Equestrian Development Bursary Program* from which bursaries will be awarded annually to those individuals who best demonstrate their continuing commitment towards skill development. Four awards of \$250.00 each were given out to active NSEF members who exemplified a commitment to personal Long Term Equestrian Development (LTED). Our 2018 LTED Bursary Winners were:

Kendra Sampson Louisdale Western

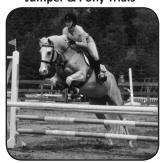

Karen Prost Nictaux South Driving

Brenna Noble Halifax Hunter Jumper

Gracie Walker Halifax Jumper & Pony Trials

The *NSEF Educational Bursary Program* is a financial Bursary funded by the NSEF to assist NSEF members attending a post-secondary educational institution. Six awards of \$500.00 each were given out to active NSEF members who exemplify the objectives of the NSEF. The Bursaries will be applied towards post-secondary expenses at a recognized Educational Institute.

Our 2018 Educational Bursary Winners were:

Danielle MacEachern is a 2018 graduate from North Nova Education Centre. She will be taking Pre-Vet Sciences through DAL at the Truro campus in the fall.
